

Interpreting the Measure Mobile Homescreen

The screenshot shows the 'Projects' screen in the Measure Mobile app. The interface includes a top navigation bar, a user profile section, and a grid of project cards. Each card displays project details such as name, draft status, and date. A purple callout box explains that grayed-out projects are outdated. A blue callout points to a sync icon. A red callout points to a 'Project Set' icon. A green callout points to a download icon. A yellow callout points to a download icon. A purple callout points to a 'Not Synced' status. A green callout points to a 'Desktop Sheets' icon.

Projects in Gray are 2 weeks since last revision. They are only available with internet connection
